

Chile Nativo - Packing List

Discovering Torres del Paine

The weather is famous in Patagonia; you might feel 4-seasons in one day, including high winds to extreme sun, down to chilling cold. The secret in Patagonia is to dress in layers, to obtain the maximum comfort with minimum weight. It is important to use wind resistant clothing made from materials which also dry fast, which is why we recommend not using cotton. If you are thinking of buying new shoes, make sure to wear them in beforehand. Bring a treatment against blisters (moleskin, second skin, etc.); a good idea just incase. We recommend a cord or other attachment for glasses and sun glasses.

For Active Days

- ☐ Hiking boots (waterproof and broken-in)
- ☐ waterproof (lightweight) jacket and pants (ex.: Gore-Tex®)
- ☐ thermal, synthetic, quick drying undershirts and mid-layers (ex.: Capilene®)
- ☐ fleece jacket or similar
- ☐ hat with ear-cover
- ☐ hiking pants or zip-off convertible style pants, lightweight and synthetic preferable
- ☐ fleece or wool gloves
- ☐ fleece or wool scarf
- ☐ daypack (to transport personal belongings such as camera, water bottle and extra layers)
- ☐ sun glasses
- ☐ UV sun protection (minimum 30 SPF) including face and lips
- ☐ sun hat with chin strap or baseball cap
- ☐ refillable water bottle or hydration system

***Water is refilled from the streams/taps in the TDP park - always from reliable sources and does not need to be filtered as there is no presence of Girardi - bottled water is available for purchase in the hotels if preferred.

After excursions/personal items

- ☐ comfortable cloths for relaxing after excursions
- ☐ travel evening wear for hotels
- ☐ comfortable footwear for travel & inside the hotels
- ☐ toiletries and personal Med Kit (with all personal meds, vitamins, lotions, etc.)
- ☐ sleep wear
- ☐ underwear

Optional

- ☐ small flashlight or headlamp with batteries
- ☐ mosquito repellent
- ☐ reading materials
- ☐ binoculars
- ☐ camera, chargers & spare batteries
- ☐ alarm clock
- ☐ trekking poles
- ☐ adapter or converter plugs for electronic devices - Chile is 220V and uses plugs with 2 round pins

Documentation

- ☐ passport with Chilean entry forms
- ☐ copy of health and travel insurance and air tickets
