

Chile Nativo - Packing List

W- Trek

The weather is famous in Patagonia; you might feel 4-seasons in one day, including high winds to extreme sun, down to chilling cold. The secret in Patagonia is to dress in layers, to obtain the maximum comfort with minimum weight. It is important to use wind resistant clothing made from materials which also dry fast, which is why we recommend not using cotton. If you are thinking of buying new shoes, make sure to wear them in beforehand. Bring a treatment against blisters (moleskin, second skin, etc.); a good idea just in case. We recommend a cord or other attachment for glasses and sun glasses.

For Active Days

- ☐ 35-40 Liter backpack (to transport personal belongings)
- ☐ Hiking boots (waterproof and broken-in)
