CASABLANCA - COSMOPOLITAN CULTURE CAPITAL

B

Casablanca city tour

Today you will enjoy a full-day excursion and discover the fascinating city of Casablanca. The name Casablanca evokes thoughts of good living, romance and adventure in a tropical setting, an image that the 1943 Humphrey Bogart film conveyed to cinema-goers during World War II. Originally settled by Berbers in the 7th century, Casablanca’s fairly recent growth has made it the bustling, French-influenced business centre of Morocco it is today.

Your visit will include the magnificent Hassan II Grand Mosque, one of the few mosques that can be visited in Morocco. Built on reclaimed land, almost half of the surface of the mosque lies over the waters of the Atlantic. This was inspired by the verse of the Qur’an that states “the throne of God was built on the water”. Part of the floor of this facility is glass so worshippers can kneel directly over the sea; above, lasers shine at night from the top of the minaret toward Mecca. The mosque is amongst the largest in the world and can house as many as 25,000 worshippers. Its minaret is the tallest religious structure in the world.

Your sightseeing will also include the Mohammed V square, the United Nations square and the Arab League Park. During a stroll in the Quartier Habbous you will be able to discover a modern version of a medina.

Accommodation: Le Doge Casablanca 5* (Junior Suite - Double)

Your journey comes to an end today as you are met and privately transferred to the airport to board your national flight to Marrakech.

Of special note: guests should be the airport at least two hours before their flight departure
