### Florence Private guide panoramic sightseeing tour (3 hrs - max 30 pax) - English speaking guide

Enjoy the beauty of Italy with our private tours! An amazing tour with a dedicated guide will take you to discover Florence with its extraordinary historical and artistic heritage and its unique landscape. It was a very important cultural and trading center during the Middle Ages, cradle of Renaissance, capital city of the Tuscan grand duchy, when the Medici and then the Lorena families ruled throughout 300 years, and later capital city of Italy from 1865 to 1871: this is why Florence houses so many evidences of its glorious past. A myriad of places are worth a visit: the Cathedral (13th-14th centuries) with Brunelleschi's Dome, the biggest brick dome ever built; the Baptistry dedicated to St. John the Baptist, who is the patron saint of Florence, and the bell tower designed by Giotto who never saw it finished. In addition, you must visit the Ponte Vecchio, which spans the narrowest point of the Arno river, with its typical jewelry workshops on both sides; the Uffizi Gallery and its masterpieces dating from the 12th to the 17th centuries, with paintings by the best artists such as Cimabue, Botticelli and Raffaello; Palazzo Pitti, with the magnificent Boboli Gardens, one of the first examples of Italian gardens. -
