SILVER CLASS AT A BALINESE VILLAGE	10 - 15 PAX
PER PERSON	70.00
NOTE: MAXIMUM 15 PERSONS PER SESSION	

Today you have a chance to visit traditional Lantangidung Village, Batuan. On arrival in the village you will be taken to the Bale Banjar or village meeting and administration hall, to view the details of village statistics and administration system. The system, based on "gotong royong" or communal help is an interesting one and the explanation given will help you to understand the unique traditions of Bali.

This will be followed by a visit to one of the houses in the village, where rice is husked, to see the milling process of turning Padi (raw unhusked rice grains recently harvested) into Beras (rice ready for cooking.)

A difference is made in the name for rice still growing or picked but unhusked, rice husked ready for cooking, and rice when cooked. This yard also houses pig sties and chickens who are fed and fattened with the left over padi gleanings.

Next comes a visit to the home of a woodcarver, to observe the completely handmade woodcarving of masks, used in dance and temple ceremonies. Then it is on to another neighboring family producing beautiful silver jewellery, also completely by hand.

In here, you will have a chance to create your memento made from silver from Bali either it is for yourself or to the one you love and care.
